April 4th.—Sun eclipsed, partly visible at Madras. Apparent time of conjunction at 6h. 57′ 59″ Madras time. Sun's long. 0° 13′ 38″ Moon's latitude 5′ 48″ N. The Sun will be centrally eclipsed on the Meridian at 13h. 41¼′ Greenwich time in longitude 154° 41¼′ E. and latitude 11° 20′ N.

The Sun rises eclipsed at 5h. 54′ 50″

End	6	5	15	

Digits eclipsed 3.—Digits eclipsed at Sun rising 1¼ on the Sun's North Limb.

N. B, Bangalore, Seringapatam, and Mangalore being nearly on the same Parallel of latitude with the Madras Observatory, the preceding times of beginning, middle and end of the Sun's Eclipse may serve to predict the same with sufficient accuracy at those respective places by applying the difference of longitude in time which are as follows.

	H.	′	″
Bangalore	0	10	43 W.
Seringapatam,	0	14	18 W.
Mangalore,	0	21	41 W,

September 28.—Sun eclipsed invisible at Madras. Apparent time of conjunction at 4h. $45\frac{3}{4}'$ Greenwich time. Sun's longitude 6 s. 4° $52\frac{1}{4}'$. Moon's latitude $3'$ $55''$ S. Sun will be centrally eclipsed on the Meridian at 4 h. $49\frac{1}{4}'$ Greenwich time, in longitude 72° $19'$ W. and latitude 6° $7'$ South.

The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount and Perumbaukum Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distance with a common Sextant.

25.—Should the name of any Public Officer obliged from his situation to carry on a public correspondence be omitted in the list, he will address a letter to Government stating the nature of his public correspondence, when if it is deemed of sufficient importance, his name will be added to the list, or some public Officer already included in the list will be directed to superscribe his letters on the Service.

26.—Any Officer on duty, or leave of absence, at the Presidency, having occasion to correspond on public Service, will carry his letter to the Adjutant General, who upon being satisfied that the letter is exclusively upon the public service, will frank the same.

28.—With a view of preventing the suppression of private letters, and the misappropriation of their Postage, it is directed that in future all receipts granted at the Post Office, for letters delivered in, either at the Presidency or Subordinates shall be upon stampt paper specifying the rate of single postage, date of letter delivered, place of destination, and size of letter, i. e. where single, double or more.

Distinct stamps shall be issued for each description of letters which shall have engraved on them the word single, double, treble, quadruple, or packet, and the same shall be repeated in

each of the Native Languages.

With this facility of discovery, every individual both European, and Native, whose letter does not reach its destination will be enabled to obtain redress upon application to the Post Master General.

GENERAL POST OFFICE, FORT ST. GEORGE, *September* 27, 1809.

EXTRACT *of a general letter from England in the Commercial Department dated 7th September* 1808.

Para. 229. IN our letter of the 31st October 1799 we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe have determined us to make a separate department for the purpose of clearing Baggage, Wines, and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage subject to our immediate inspection and controul, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans to clear and deliver to them their Baggage, Wines and Presents, as we have directed Messrs. Marter and Evans to transact every branch of business connected with this department which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also Silk Goods from being worn or used in this Country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore that notice hereof be made generally public, and

further that Napkins, &c. which contain a coloured stripe however small are considered to be prohibited and cannot be passed in England as part of their baggage.

EXTRACT *of a general letter from England in the Public Department dated 26th August* 1801:

HAVING adverted to the immense quantity of baggage brought home by the Passengers arrived in the Company's Ships and being desirous of promoting every regulation that appears to us likely to increase the importation of surplus Tonnage, we have investigated this as one cause, which has occasioned the reduction of that important benefit, both to the Company and owners, the space occupied by the Passengers baggage in one of the Ships lately arrived having amounted to the immense quantity of 63 Tons, conceiving therefore some regulation necessary to be adopted to correct as much as possible this growing evil and to prevent such immense quantities of baggage being imported, to the ultimate exclusion of the Company's cargo; we have come to the following resolutions, with copies of which you must furnish the Commanders of all Ships in the Company's Service for their information and guidance; and we direct that you adopt every other means which may appear necessary towards carrying the same into effect, viz.

That Gentlemen proceeding to England in the undermentioned stations be restricted from taking with them, a larger Tonnage of baggage and stores, than the following exclusive of their bedding, a table and a sopha or two chairs for their respective cabins, viz.

Gentlemen of Council	5	Tons.
General Officers	5	do.
Colonels in His Majesty's or Company's Service	4	do.
Senior Merchants	4	do.
Lieutenant Colonels	3	do.
Junior Merchants	3	do.
Majors	2½	do.
Factors	2½	do.
Captains	2	do.

That Gentlemen proceeding to England in either of the abovementioned stations who may be permitted to bring home their families with them, be restricted from taking more Tonnage than

one half of the preceding allowance in addition, as the Ladies baggage.

That married Ladies proceeding to their Husbands in England, be restricted from taking more than 2-3ds of the Tonnage prescribed for a Gentleman of the same rank as their Husbands.

That Writers, Lieutenants, Ensigns and other cabin Passengers be restricted from taking a larger quantity of baggage and stores than 1 Ton each, exclusive of their bedding, a table and sopha or two chairs

That married Ladies proceeding to their Husbands in England of either of these last mentioned descriptions be restricted from taking more than a similar quantity of baggage.

That such Gentlemen of either of these last mentioned descriptions who may be permitted to bring home their Wives with them be restricted from taking more than 1 Ton in addition as the Ladies baggage.

That single Ladies be restricted from taking more than the same quantity of baggage and cabin furniture.

That all excess of baggage beyond the abovementioned quantities, on whatever ship it may be brought home be invariably charged freight at the charter party rate per Ton, & that the said baggage be not delivered from the Company's Warehouse, till such freight shall have been paid into the Company's Treasury.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized; has been pleased to establish the following orders for the regulation and control of all passports granted under the Presidency of Fort St. George.

1st—That from and after the first of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all passports granted within the territories of Fort St. George.

2d—That passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the person and No. and date of the passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the passports of the port where he resides; To the Town Major of Fort St. George for Military persons belonging to that garrison: to the Adjutant General of the Army for all other Military persons leaving the presidency; and to such Officers Commanding Military Stations as shall be authorized to grant passports. These Stations shall be determined in the first instance, and from time to time when any changes of Stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th—That all Travellers, on arriving at a Station, shall deliver

their passport to the proper Officer, who shall register its receipt in the same manner as on granting one, & if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d—No Passport of any foreign Governor, can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign Settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d—The routes of foreign Travellers for commercial purposes will be generally by the Sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th—All public Officers who may be authorized to grant passports, will as soon as may be practicable after the receipt of these instructions transmit to the Secretary of Government, descriptive lists of all Europeans, not in His Majesty's or the Company's service residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certifi-

cates for such as the Governor in Council may think proper to license, and all Europeans not in the Service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th—From and after the above date;—no Passport shall be granted to any European not in the Service, who *resides* or *states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Mariners or Traders, whether British or Foreign *not resident in India* who may desire to pass from one port to another for commercial purposes; shall be furnished with Passports without hesitation.

N. B.—The Certificate should include a description of the person, and should grant conditional permission to reside at the town of "   " subject to be sent to Europe at the shortest notice whenever the Government shall think fit.

FORT ST. GEORGE, 21st *April* 1802.

NOTICE is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council has been pleased to make to the foregoing resolution, is in favor of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which certificate or passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh passport.

And European Persons of all description are hereby warned, that whoever shall be found travelling without a passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby farther given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison any European deserter or vagrant of any description.

FORT ST. GEORGE, *May* 25, 1799.

Passport Regulations.

IN addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport—The Right Honorable the Governor in Council is hereby pleased to give notice that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2d—The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing Resolution, is in favor of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

3d—For the more strict execution of this Order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant, of any description.

4th—The following are the Officers by whom passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military Persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military Persons leaving the Presidency.

4th. Interest is not to be paid by them, on any bond that has not been registered at the Accountant General's Office.

5th. The Collectors are to be careful in observing, that the obligation is *boná fide*, the property of the person demanding the interest, or if in behalf of another, that his demand is made under a proper power of attorney; and when the obligation has not been granted in the name of the holder, or his constituent, that the transfers or endorsements transferring the proprietory right in the obligation, are regular.

N. B.—No attorney or agent can endorse over, or transfer, the proprietory right of his constituent in any government obligation, except under the authority of a special power of attorney, granted to him for that purpose.

"(Lucknow, and districts above Patna) of 18—, received from *A. B.* Collector of sicca rupees being the year's interest, on No. (of the general register, or other description of securities) for sicca rupees at per cent. per annum, for which I have given my receipt in duplicate."

The interest upon old eight per cent. promissory notes and bonds, upon six per cent notes, and upon decennial notes, is payable at the revenue treasuries indiscriminately.

In lieu of cash in payment of interest of the public securities, the officers authorised to discharge such interest in the Mofussil, will at the option of the demandant, grant a bill on the Sub-Treasurer at sight in liquidation of the same.

In the payment of interest, the Benares and Lucknow rupees are respectively passed, as equal to the Calcutta sicca rupees. (Vide Advertisement in the Calcutta Gazette, of the 8th May 1800.)

COLLEGE SCHOOL.

BESIDES the College, the Company patronize a School subordinate to it, and under the superintendence of the Principal, into which boys may be admitted at an early age, and in which they will be taught the elements of general learning, and such other accomplishments as are the usual objects of instruction in the larger seminaries of this country. Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this School be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but it is nevertheless proper to observe, that those who shall have passed through both institutions will enjoy the advantage of an uniform system of education, begun in early youth, and continued to their departure for the duties of their public stations.

Notwithstanding that an intimate connection is intended to subsist between the College and the School, it is nevertheless to be understood, that, whilst the College is exclusively appropriated to persons designed for the civil service of the Company abroad, the School will be open to the public at large.

The Reverend M. H. Luscombe, A. M. of the University of Cambridge, is appointed Head Master of the School; to whom the annual sum of seventy guineas is to be paid for each pupil; which, without any additional charge, will include, besides the usual course of classical instruction, the French language, writing, arithmetic, mathematics, drawing, and dancing.

REGULATIONS

FOR THE

Admission of Gentlemen Cadets into the Royal Military Academy at Woolwich, on the East India Company's Establishment.

I. No cadet to be admitted under fourteen or above sixteen years of age, or below the height of four feet nine inches; a certificate of everycandidate's birth taken from the parish register, and signed by the minister, to be delivered to the Secretary of the East India Company: as likewise an address where he may be sent for on a vacancy.

II. Every candidate, previously to his admission, must be well grounded in arithmetic, including vulgar fractions, write a very good hand, and be perfectly master of the English and Latin grammars.

III. All candidates are publicly examined by the proper masters in the Royal Military Academy; and, if found deficient in any of these preparatory parts of learning, will be rejected.

V. The above qualifications are indispensable at the time of examination; but, the future studies of each candidate will be very materially forwarded, with a view to obtaining a commission, if he has also learnt to draw, and acquired a knowledge of the French language before he is appointed a Cadet.

REGULATIONS

OF THE

Royal Military College at Marlow.

In conformity to His Majesty's regulations for this institution no cadet can be admitted who is under thirteen, or above fifteen, years of age; or who has any mental or bodily defect, which may disqualify him for military service.

Every cadet is to produce a sufficient certificate of the time of his birth.

He is to be well grounded in a knowledge of grammar and of common arithmetic, and shall write a good hand.

Should he be found deficient in any of these elementary parts of learning, he will not be qualified for admission.

Cadets admitted in that class, by whom the sum of *l* 100 *per annum*, is to be paid for education, board, and cloathing, are to pay a moiety of that sum half-yearly, in advance, during their continuance at the college. An army agent in London is

to be named by such cadets, from whom the half-yearly payments are to be received by the treasurer; and should a cadet leave the college before the expiration of any half year, he will be accounted with for the six months in advance.

Each cadet is to come provided with eight shirts, eight pocket handkerchiefs, eight pair of cotton and eight pair of worsted short stockings, six towels, four night caps, two black velvet stocks, four pair of webb drawers, three pair of shoes, a looking-glass, a bible and prayer book, a large comb, a small tooth-comb, a comb-brush, a cloaths-brush, and a tooth-brush, all deficiencies in which are to be made good, at his charge, at the yearly vacation.

No cadet is to join the junior department with a greater sum of money in his possession than one guinea; and this regulation is considered to be so indispensable, that any deviation therefrom will subject the cadet to be sent away from the college. The parents may, however, if they think proper, make an arrangement for the cadet's receiving an allowance, not exceeding half a crown a week, for pocket money.

All repairs of cloathing, linen, shoes, and other articles belonging to the cadets, will be made at the expence of the college.

No perquisites or presents, of any kind, are allowed to be received by the Masters, or any other persons from the cadets.

As a certain number of cadets for the Royal Military College, in that class for which the sum of *l.*100 each *per annum* is to be paid, are to be nominated by the East India Company, the Court of Directorsof the said Company have agreed, that one-half of such expense, or *l.*50 *per annum* for each cadet, and no more, shall be paid by the Company, on an engagement, in writing, being entered into by the friends or parents of the cadet, being responsible persons, on his appointment to the college, to refund the amount of the Company's expenses on his account, provided he shall enter into any other service or line whatsoever, after his being received into the college, or, if he shall not proceed to India, in the Company's military service, on receiving an appointment for that purpose.

The abovementioned annual payment of *l.*100, to be regulated in the following manner, viz.

The friends or parents of the cadet are to make the first half yearly payment of *l.*50, and the Company to advance the second half yearly payment, in like manner; and the subsequent half yearly payments to be made alternately, by the friends of the cadet and the Company, during the time he shall continue at the college, which payments from the friends of the cadets are to be made into the Company's Treasury.

SIGNALS

for Ships or Vessels in the Offing.

SIGNALS respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Staffs. One consisting of an upright Mast, representing the East point of the compass with a Yard flung by the middle across, the Arms of which pointing to the North and South points of the ompass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign, or Square national flag, represents a ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c, of two masts; and a broad national pendant terminating in one point, represents a Sloop or Cutter of one mast.

If either of these flags are hoisted to the top of the upright staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yard, the vessels seen are in the North or South Quarters of the compass.

The number of ships that appear in the offing, are expressed by Pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; & a yellow pendant pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical pendants, will fly from the national flag of the upright Staff; if in the North or South Quarters, the Pendants will fly at the extremity of the yard arm over the National flags, hoisted on the stay of the North or South Arms of the Cross Yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the National flags. If the Ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a fleet is in sight, one Gun will be fired after the signal for the fleet is made: and if there are two fleets of different nations in the same point of the compass, the signal of the first seen fleet, will be lowered after the space of 15 minutes and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the quarter she is in.

The annexed plate represents the flag of all nations, that trade to Madras ; in the upper corner of which is represented the flag staff and yard, and the manner in which the Signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward ; the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern staffs, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snows in the North Quarter, and a French broad pendant hoisted to the stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed cutters in the South Quarter of the compass.

If the numerical Pendants, instead of flying at the extremity of the Staff, are hoisted under the National flag, in the manner expressed by the letter M. they will describe the same class of vessels to be Merchantmen.

N. B. The blue Pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indiaman. A yellow Pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish Vessel ; and if a red Pendant flies in the place of the yellow Pendant, it will express a Portuguese. A blue and yellow Pendant, flying over the National Flag, represents a Fleet of men war, and under it, a Fleet of Merchantmen.

Light House.

THE Light House on the Exchange in Fort St, George was erected by the Exchange Committee, with the sanction of Government in December 1796, and is of essential service to ships coming into the roads in the night,

The Light is 90 feet above the level of the Sea at high water; it can be seen from the decks of the Honorable Company's Ships about 17 miles and from their mast heads near 26 miles.

The South part of Pulicat shoal bears from the Light House, N. by E. half E. distance 12 miles; and to keep clear of the shaol, the light should always bear to the Westward S. S. W, ¼ W.

MADRAS INFIRMARY & NATIVE POOR ASYLUM.

The Chief Secretary to Government, The Town Major, The Superintendent of Police,	Perpetual Members.

AND

Nine Members elected annually by Government.

Lieut. Col. J. H. Symons, Superintendent of Police, Treasurer.
R. C. Sherwood, Surgeon.

The object of this Institution, not less benevolent than it is comprehensive and important, is to afford relief to the Native Sick and Poor of all classes and descriptions. As an Infirmary, all Natives suffering under disease and such as may be so unfortunate as to meet with accidents are admitted, and have the benefit of medical and surgical assistance. To those not desirous of being received into the Institution, or whose situation may not admit of their residing in it, professional advice and medicines are administered as out patients. As an Asylum for the Native Poor, the Institution affords accommodation and subsistence to such as from age and infirmity, and possessing no certain means of maintaining themselves, are unable to earn a livelihood, and who without such a provision would be constrained to supplicate charity for subsistence.

The peculiar advantages of this Institution are that, excluding none of the Native Poor incapable of labour who are desirous of availing themselves of its benefits, it renders relief to all who are really objects of compassion, while it holds forth no incentives to idleness or depravity; thus establishing the inference that such mendicants as may hereafter importune the Public for Charity, pursue a vagrant life not thro' necessity but choice, and consequently that they are unworthy objects of private benevolence.
